Indiana University-Bloomington · Marketing/Marketing Management,
General · As of May 09, 2026

Marketing/Marketing Management, General at Indiana University-Bloomington: the data shows steady fundamentals with one or two factors to watch. Cost is high relative to year-1 earnings.

ERN	8/10	Earnings
ROI	8/10	Return on Investment
RES	7/10	AI Resilience
GRW	6/10	Growth
AURA	6/10	Brand Gravity

COST & ROI

4-year cost	Modeled debt	Year-1 median earnings	Debt-to-earnings (yr-1)
\$109,444	\$54,722	\$63,371	173%

Year-1 peer band (this field): \$38,515 – \$49,674 · **Standout earnings** — this program's median (\$63,371) beats the peer 75th percentile.

CAREER RISK PROFILE

Risk Factor	Level	Context
AI displacement risk	MODERATE	AI displacement risk is moderate for this occupation.
Debt burden	ELEVATED	Modeled year-1 debt service is 173% of starting earnings — above the recommended ceiling for new graduates.
Job market outlook	LOW	BLS classifies this as a growing field (growing).
Burnout risk	MODERATE	This occupation has at least one demand worth understanding.
Earnings ceiling	LOW	Year-1 75th-percentile wage is \$49,674 — meaningful upside above the median.

ABOUT THIS CAREER

Fundraisers secure the money needed to run organizations and support their goals. You build long-term relationships with donors and communicate with people outside your group to gather support. The work involves gathering information and creating strategies to meet financial objectives.

Day-to-day

- Build and maintain relationships with donors
- Communicate with people outside the organization
- Gather information to support goals
- Develop objectives and strategies
- Make decisions to solve problems

SUGGESTED SKILLS

Bring this list to your admissions counselor — these are the skills the data says will lift your outcomes.

CAREER-LAUNCH SKILLS

• Public Relations Club

ERN+1

Coursework	Clubs / orgs	Internship / cert
------------	--------------	-------------------

Ask: "Building a network of peers helps you practice the interpersonal skills needed to connect with donors."

• Nonprofit Management Minor

ROI+2

Coursework	Clubs / orgs	Internship / cert
------------	--------------	-------------------

Ask: "Understanding how organizations handle money makes you a more effective fundraiser."

• Consumer Behavior Course

RES+1

Coursework	Clubs / orgs	Internship / cert
------------	--------------	-------------------

Ask: "Studying why people make choices helps you solve problems when trying to influence supporters."

• Creative Writing Course

GRW+1

Coursework	Clubs / orgs	Internship / cert
------------	--------------	-------------------

Ask: "Learning to tell stories helps you communicate a cause in a way that moves people to give."

QUESTIONS & FOLLOW-UPS

ASK THE COLLEGE

- Which majors at Indiana University-Bloomington most often lead graduates into Fundraisers?
- How can I augment this major with the suggested skills above — through coursework, clubs, or internships you already offer?
- What outcomes data do you publish for this program — median earnings one year out, employment rate, average debt at graduation?

ASK YOUR PARENTS

- If the loan numbers on page 1 are accurate, can our family carry that monthly payment alongside everything else after I graduate?
- Whose career did you watch up close growing up — and what about it would you want for me, or want to spare me from?

ASK YOURSELF

- Will I still want to be doing this work in 10 years if the day-to-day looks like the O*NET task profile on page 1?
- Am I picking this major because it interests me, or because it's familiar — and would I know the difference yet?

GLOSSARY

CIP	Federal program code (Classification of Instructional Programs) — the standard for naming college majors.	RES	AI Resilience — how much of this occupation's work is hard for AI to do, blended from task-level data.
------------	---	------------	--

SOC	Federal occupation code (Standard Occupational Classification) — how the BLS names jobs.	GRW	Growth — the BLS 10-year employment-change projection for this occupation.
ERN	Earnings — typical pay for graduates of this program working in this occupation.	AURA	Brand Gravity — institutional pull (selectivity, completion, financial standing) shared by every program at the school.
ROI	Return on Investment — how the cost of this program compares to what graduates earn.	Career risk	Five factors that affect long-term outcomes: AI displacement, debt burden, job market, burnout, and earnings ceiling.
