GRW	6/10	Growth
AURA	3/10	Brand Gravity

COST & ROI

4-year cost	Modeled debt	Year-1 median earnings	Debt-to-earnings (yr-1)
\$50,140	\$25,070	\$73,541	68%

Year-1 peer band (this field): \$32,935 – \$62,573 · **Standout earnings** — this program's median (\$73,541) beats the peer 75th percentile.

CAREER RISK PROFILE

Risk Factor	Level	Context
AI displacement risk	LOW	AI exposure for this occupation sits at the 93th percentile — most core tasks remain human-led.
Debt burden	LOW	Modeled year-1 debt service is 68% of starting earnings — comfortably below the 10% guideline.
Job market outlook	LOW	BLS classifies this as a growing field (growing).
Burnout risk	MODERATE	This occupation has at least one demand worth understanding.
Earnings ceiling	MODERATE	Year-1 75th-percentile wage is \$62,573 — modest upside above the median.

ABOUT THIS CAREER

Registered nurses provide direct care and support to patients in various healthcare settings. They use medical knowledge to monitor health, solve clinical problems, and manage patient information. The work focuses on maintaining patient safety and coordinating care through constant observation and documentation.

Day-to-day

- Provide direct care and assistance to patients
- Apply medical knowledge to patient situations
- Solve problems and make clinical decisions
- Record and document patient information
- Gather health information from patients and staff

SUGGESTED SKILLS

Bring this list to your admissions counselor — these are the skills the data says will lift your outcomes.

QUESTIONS & FOLLOW-UPS

ASK THE COLLEGE

- Which majors at Miami Dade College most often lead graduates into Registered nurses?
- How can I augment this major with the suggested skills above — through coursework, clubs, or internships you already offer?
- Show me the specific clinical placement rates for Miami Dade College nursing students.
- Connect me with alumni who have transitioned from clinical nursing into nursing administration.

ASK YOUR PARENTS

- Can our family cover the remaining costs if the debt burden exceeds the low estimate shown here?
- How much of this tuition can you spare if I decide to pursue nursing research instead of clinical work?

ASK YOURSELF

- Will I sustain my performance if I hit the moderate burnout risk levels common in nursing?
- Do I have the stamina to reach the earnings ceiling indicated for this career path?

GLOSSARY

CIP	Federal program code (Classification of Instructional Programs) — the standard for naming college majors.	RES	AI Resilience — how much of this occupation's work is hard for AI to do, blended from task-level data.
SOC	Federal occupation code (Standard Occupational Classification) — how the BLS names jobs.	GRW	Growth — the BLS 10-year employment-change projection for this occupation.
ERN	Earnings — typical pay for graduates of this program working in this occupation.	AURA	Brand Gravity — institutional pull (selectivity, completion, financial standing) shared by every program at the school.
ROI	Return on Investment — how the cost of this program compares to what graduates earn.	Career risk	Five factors that affect long-term outcomes: AI displacement, debt burden, job market, burnout, and earnings ceiling.
